Effective date: 23 August 2026. Last updated: 23 August 2026.

1. 14-Day Money-Back Guarantee

We offer a 14-day money-back guarantee for all new purchases. If you are not satisfied with our service within the first 14 days of your initial purchase, you may request a full refund. This guarantee applies to one-time access purchases.

- Refund requests must be submitted within 14 days of the purchase date
- Refunds are processed within 5-10 business days
- The 14-day guarantee applies only to the initial purchase, not to extensions
- To request a refund, contact support@clouddroid.eu with your account email and purchase details

2. Digital Goods and Cloud Resources

After the 14-day guarantee period, CloudDroid provisions dedicated cloud resources upon purchase. As such, our services are considered digital goods. Once a cloud Android workspace has been deployed and made available to you, the resource has been consumed and cannot be returned.

3. No Refund Policy for Active Billing Cycles

After the 14-day guarantee period, CloudDroid does not offer partial or full refunds for active billing cycles once the instance has been deployed. This policy is in place because:

- Cloud resources are provisioned immediately upon purchase
- Resources are reserved exclusively for your use
- Operational costs are incurred from the moment of deployment

4. Access Period

Access is granted for the purchased period. There is no automatic renewal. You will continue to have access to your instance until the end of the paid period. Extend access by purchasing again.

5. Service Interruptions

In the event of a service interruption caused by CloudDroid's infrastructure, we will provide service credits as outlined in our Service Level Agreement. Service credits are not refunds and can only be applied to future purchases.

6. Account Termination for Policy Violations

Accounts terminated for violation of our Terms of Service or Acceptable Use Policy are not eligible for refunds of any kind.

7. Billing Errors

If you believe you have been charged in error, please contact support@clouddroid.eu within 30 days of the charge. We will investigate and, if an error is confirmed, provide a credit to your account.

8. Chargebacks

In the event of a chargeback, we reserve the right to suspend or terminate your account and may pursue collection of the disputed amount. Chargebacks may also result in being banned from using CloudDroid services in the future.
